

A stacked bar chart showing the percentage distribution of 1000 respondents by age group and gender. The chart consists of 10 vertical bars, each representing a different age group. The bars are stacked with colors representing different genders: red for Female, blue for Male, green for Other, orange for Male, and light blue for Female. The distribution varies significantly across age groups, with some groups being predominantly one gender and others being more mixed.

Age Group	Female (%)	Male (%)	Other (%)	Male (%)	Female (%)
13-17	10	90	0	0	0
18-24	5	10	85	0	0
25-34	10	10	80	0	0
35-44	10	10	80	0	0
45-54	10	10	80	0	0
55-64	10	10	80	0	0
65-74	10	10	80	0	0
75-84	10	10	80	0	0
85-94	10	10	80	0	0
95-100	10	10	80	0	0
